"I went from \$0 to \$20 million in sales and did 40 transactions my first year in the business without mailing or marketing. The skills I learned in Business Management Coaching jump-started my career. I haven't even completed the course!"

Jim Holmes

"I have predictable income because I always know where my next 50 real estate transactions are coming from. I have peace of mind knowing my income is guaranteed."

Phil DeMatteo

"I thought I had to discount my value in order to compete for listings because every other broker in my marketplace was doing it. With the skills and systems I've learned in Business Management Coaching, I'm getting higher commissions than I ever thought possible. Now I know that full commissions are not a thing of the past. I became a top producer my first year at First Team. Almost \$10 million."
